Why not forget about driving for a day?  
Enjoy the views from our comfortable  
minibus. Pick-ups can be made from a  
number of convenient locations in the Spey  
Valley.

We visit remote areas of the Highlands, a little easy walking is done to show you the treasures that the casual visitor may never have realised existed. Don't be put off by inclement weather - these days are often the best!

We feel that outings of this nature would be unsuitable for very young children or the very infirm.
